

# BUILDING SERVICES MANAGER

£45k - £55k DOE

Are you wanting to make a difference at one of Europe's busiest transport hubs then please read on. We are a business underpinned by our engineering infrastructure and you can now be part of our team to develop our broad and complex range of engineering infrastructure.

## ***Job summary and skills/qualifications required***

### **Job summary:**

We are looking for someone who will develop and implement plans for maintaining and developing the building services and fabric assets in the Port and deliver projects under those plans. You will also develop and implement effective energy management plans for buildings.

We are seeking a manager to inspire, lead and manage a team of Engineering and Project Management staff in the delivery of these plans and projects and will work collaboratively with other Engineering Managers, in-house Quantity Surveyors/Commercial Managers, Contractors and other stakeholders.

### **Skills and Qualifications:**

- NVQ Level 4/HNC or above in Building Services
- Demonstrable engineering competence in building services and fabric and associated Statutory Regulations and Standards
- Design experience of HVAC systems
- A demonstrable understanding of CDM Regulations and Health & Safety Legislation
- Proficient user in MS Office and MS Project
- Experience of managing costs against set budgets
- Full diving licence and use of own transport

**Please send a CV and covering letter outlining your salary expectations to the email address below.** For more information and to apply contact [recruitment@doverport.co.uk](mailto:recruitment@doverport.co.uk)

### **Benefits**

- 25 days holiday
- Free parking
- Generous contributory pension scheme
- Discretionary bonus scheme
- Private Health Care
- Life assurance
